CS + PBL

Using Project Based Learning to Teach Computer Science Skills and Mindsets

Join the San Mateo County chapter of CSTA and the Bay Area Regional Computer Science team for a virtual workshop on designing and using computer science integrated project based learning (PBL) units.

This workshop will cover:
- The What/Why of PBL
- PBL Frameworks
- How to get started with developing a PBL
- Examples of CS + PBL units across the grade bands
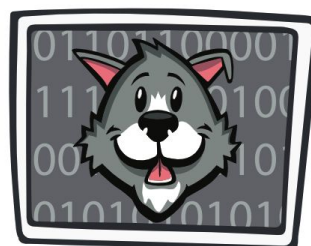

Open to all interested educators!
